 Australians **floss daily***

Meet **blast**

Help your patients create a
 better flossing routine

Blasts away plaque
 between teeth and
 along the gums

Gentle cleaning
 and helps improve
 gum health

Easy for patients to
 clean around braces
 and dental work

What makes the Colgate Blast Water Flosser different?

Its portable and uniquely patented design, combined with easy to use controls will encourage your patients to clean their in-betweens and achieve a cleaner feeling than brushing alone.

The Blast Water Flosser has been designed to be simple and effective for people who are new to water flossing with its easy power flossing that's good and gentle for gums.

*ADA 2020 Consumer Survey - a national survey of 25,000 adults over 18 years of age which found that three quarters of Australian adults rarely or never floss or clean between their teeth.
