Fast. Quiet. Compact.

Essentials Nitrile Exam Gloves >

Reliable Protection. Smarter Value.

Henry Schein Endo Cold Spray 200ml Can >

Diagnostic. Quick. Cool.

Practice trends we're seeing

The Shift from Latex to Nitrile

- A 2024 systematic review and meta-analysis found that approximately 10.37% of dental professionals may be affected by latex allergy, highlighting the ongoing importance of managing latex exposure in dental settings.
- Professional guidance, including ASCIA recommendations, supports the use of non-latex alternatives such as nitrile gloves when treating patients with latex allergy.
- Nitrile gloves provide a practical non-latex option for practices seeking to reduce exposure to natural rubber latex.
- Henry Schein sales trends indicate a growing customer preference for nitrile gloves over latex gloves, reflecting a broader industry shift toward non-latex solutions.

HENRY SCHEIN®

Running for a Cause

A huge congratulations to the Henry Schein team members who participated in the J.P. Morgan Corporate Challenge Sydney! It was a fantastic opportunity to come together, get active and support a great cause.

PRACTICE PINK

Thank you for making a difference!

Thanks to your support during our October Charity Sale, **we raised $13,600 for the Children's Cancer Foundation** through our Henry Schein Cares program. As we celebrate 20 years of Henry Schein Cares, thank you for helping us make a difference in the lives of children affected by cancer!

Future ready

Future of chairside crowns is here.

Discover capsule-based crown printing with the SprintRay Midas and Shining 3D Ceramix Nano for faster, smarter same-day restorations.
