**LEARN WITH GC**

**Stratum - Anterior and Posterior Composite Masterclass**

presented by Dr Bharat Agrawal | Dr Yo-Han Choi

**JUN**

**19**  
FRI

An intense 2-day course of lectures and hands-on exercises that are designed to improve the skills of dentists as it relates to understanding the science and art of anterior and posterior composite restorations. Dentists will learn the skills and knowledge required to replicate natural teeth with resin. With a strong emphasis on minimally invasive protocols and simplified stratification techniques, this workshop will help the modern practitioner develop the skills necessary to place beautiful anterior and posterior composite restorations.

Brisbane 8:00AM - 5:00PM 16 CPD

**Simplified Predictable and Aesthetic Composite Restorations**

presented by Dr Selena Liu

**JUL**

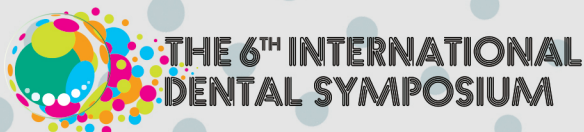

**16**  
THUR

This 2-day program provides a structured and clinically oriented approach to direct composite restorations. With the increasing demand for conservative and aesthetic outcomes, the course is designed to equip dental professionals with the skills and knowledge necessary to perform both anterior and posterior composite restorations with confidence and efficiency. Both Class II and Class IV restorations will be completed in the hands-on component and the concepts will have broad applications in clinical practice.

ADA NSW Sydney 9:00AM - 5:30PM 13 CPD
