EASE-IN-SHIELDS™

Protective Loupe Inserts

10%
OFF

WORK WITH YOUR LOUPES UNINTERRUPTED

Ease-In-Shields protective loupe inserts were developed by dentists to provide comfortable, hands-free laser eye protection. You don't need to hold protective glasses in front of your loupes anymore.

Ease-In-Shields inserts easily slide behind your loupes and fit close to the eyes to provide optimal vision protection and hands-free use. Ease-In-Shields inserts are available in a variety of options for different laser wavelengths and curing lights.
