

Opalescence™ tooth whitening systems

Brighter Smiles. Better Days.

#1 WHITENING BRAND ON THE PLANET

Opalescence™ PF

For use with customized take-home whitening trays, Opalescence PF teeth whitening gel offers many options for patients. With **five concentrations** and **two flavors**, patients can completely customize their whitening experience.

Opalescence™ Go

No lab work, impressions, or custom trays required, Opalescence Go teeth whitening trays make whitening for everyone easy and convenient. They can be carried in a pocket or bag and **worn right out of the package**—no models, lab time, or LED lights needed.

Opalescence™ Boost

Opalescence Boost in-office power whitener is a chemically activated gel that offers brighter, whiter teeth after about an hour in the dental chair. With just two or three 20-minute treatments, its powerful 40% hydrogen peroxide formula provides **noticeable results in as little as one hour**—with no need for a light.
