# The Latest Advances in Diode Laser

## INTRODUCING THE NEW GEMINI LASER

### Course Outline:

- Why the time has arrived to own a laser and how to incorporate into your practice
- New applications in diode laser use
- Basic laser physics and laser safety requirements
- Hands on session with the Gemini Diode Soft Tissue Laser

*Presented by:*  
**Dr David Cox** BDS Sc (QLD),  
Clinical Assoc University of Syd.

Dr David Cox achieved a Bachelor of Dental Science from the University of Queensland in 1982. Establishing David Cox Dental over twenty-five years ago after working in the UK, Dr David Cox has become a prominent figure within the dental industry. Dr David Cox tutored in Sedation Dentistry and the utilisation of Nitrous Gas, as well as being the past Secretary of the Implant Society. He is a member of the European Society of Laser Application and the Co-ordinator of Cosmetic Reconstruction within the practices. David lectures both nationally and internationally on lasers in dentistry and was the founding president of the Australian Association for Laser Dentistry.
