GUIDED BIOFILM THERAPY HANDS-ON WORKSHOP

DHAA WA CPD

April 14, Pagoda Resort and Spa, Como
Presenter: Tabitha Acret (BOH)

Before

After

OVERVIEW

Are you ready to shift your paradigms to include Guided Biofilm Therapy as your go-to approach for preventive and periodontal maintenance treatments? If so, this hands-on CPD workshop is for you! Participants will discover Guided Biofilm Therapy and learn why it integrates with the modern concept of preventive and minimally invasive dentistry. All participants will have an opportunity to follow the complete Guided Biofilm Therapy protocol step-by-step on simulation models.

KEY TOPICS

- 🦷 Non-surgical treatment protocol
- 🦷 Biofilm and its effects
- 🦷 Current periodontal disease classifications
- 🦷 Calculating CAL
- 🦷 Peri-mucositis and peri-implantitis
- 🦷 The effects and effectiveness of hand scaling and ultrasonics
- 🦷 Air polishing – indications and benefits
- 🦷 Implant maintenance
- 🦷 The 8 steps of Guided Biofilm Therapy

Tabitha Acret is a qualified dental hygienist and has been part of the dental industry for 20 years. She has worked as a dental nurse, dental receptionist and practice manager. She holds a BOH from Newcastle University and is currently undertaking further studies in Sleep Medicine. Tabitha is registered with the Australian Dental board and was the previous chair for the NSW Dental Hygienist Association Australia Ltd and is the current NT Director for the DHAA Ltd. She is a regular at CPD events with a passion for learning and making a difference in her patients' lives. Tabitha currently works 3 days a week in private practice, was a previous clinical educator one day a week at Sydney University for 2nd year BOH students until her recent move to the NT in Australia to help set up an implant maintenance program in private practice and is an educator with the Swiss Dental Academy.
