Soft and Hard Tissue Augmentation in dental implant practice:

Hands-on ridge preservation and guided bone regeneration.

Surgical Hands-On (Pig-Jaws) Workshop

including:

Day One: Ridge preservation & Staged GBR
Lectures (A.M.): Clinical indications and practical concepts.
Surgical hands-on workshop (P.M.)

Day Two: Implant placement & Simultaneous GBR
Surgical hands-on workshop (P.M.)

Day Three: Soft tissue augmentation and Management of gingival recession around implants
½ Day of lectures and discussion.

Visiting Guest Presenter
Prof Nikos Donos (Eastman Dental Institute, UCL London)
Professor Nikolaos Donos qualified in dentistry at the Aristotle University of Thessaloniki, Greece in 1992 and he completed his training as a specialist in Periodontology at the Royal Dental College, University of Aarhus, Denmark in 1994. At the same year, he completed his Master of Science Degree in Periodontology. In 2001 he joined the Eastman Dental Institute. He was appointed to the Chair and Head of the Periodontology in January 2005. He is currently the Director of Research Strategy of the UCL Eastman Dental Institute and the Chair of the Department of Clinical Research as well as the Lead of the Oral health Theme at the Joint UCLH/UCL Comprehensive Biomedicine Center. At the same time, he is the Head & Chair of Periodontology and Programme Director for the MClInDent training programme in Periodontology as well as co-Director for the training programme in Implant Dentistry.Professor Donos leads the Clinical Investigation Centre at the Eastman which specialises in the provision of RCT and clinically applicable translational research studies. His research track record is mainly on GTR, GBR, and implant dentistry as well as in the correlation of periodontal disease with other chronic diseases. He has published extensively and he is member of the editorial board of the leading peer-reviewed journals.

Griffith University Presenters
Prof Saso Ivanovski, A/Prof Stefan Hienz & Dr Ryan Lee
