

Free Tutorial Evening - Brisbane Tuesday 4 September 2018

TOOTH PROGNOSIS AND RIDGE PRESERVATION, WHERE ARE WE NOW?

The decision making tree on the prognosis and treatment of individual teeth and on immediate versus delayed implant placement are critical.

With increasing litigious consequences we need an evidence based rationale for our decisions.

This presentation will help navigate the maze in a logical and predictable manner.

Dr Dan Brener BDS MDS (Syd) MRACDS (Pros)
Prosthodontist and Founder of Brener Implant Institute (Bii)
Clinical Assoc Professor of Oral Rehabilitation Sydney University

Dr Dan Brener, Specialist Prosthodontist, holds the position of Clinical Associate Professor of Oral Rehabilitation in the Faculty of Dentistry at the University of Sydney. He is involved in the planning of the Post Graduate Prosthodontic Program as a member of the Prosthodontic Post Graduate Planning Committee. In addition to these roles, Dr Brener is a lecturer for the University of Sydney Master's Prosthodontic Program.

He heads the Brener Clinic dental team in North Sydney and established Bii in 2003 which educates dental clinicians in all aspects of implant dentistry and prosthodontics.

Dr Brener is a Member of The Royal Australasian College of Dental Surgeons (MRACDS), The Australian Dental Association, The Academy of Australian and New Zealand Prosthodontists, The Australian Prosthodontic Society, The International Congress of Implantology and The International Team for Implantology.
