

**Free Tutorial Evening - Brisbane
Tuesday 29 May 2018**

**TOOTH PROGNOSIS AND RIDGE PRESERVATION,
WHERE ARE WE NOW?**

Presented by A/Prof Dan Brener

Prosthodontist and Founder of Brenner Implant Institute (Bii)

**'The decision tree on the prognosis and treatment of individual teeth
and the decision on immediate versus delayed implant placement are critical.**

With increasing litigious consequences we need an evidence based rationale for our decisions.

This presentation will help navigate the maze in a logical and predictable manner.'

A/Prof Dan Brener BDS MDSc MRACDS

A/Prof Brener graduated Dentistry at the University of Sydney in 1983 being awarded The Port Dental Prize and prizes for Restorative and Prosthetic Dentistry and obtained his Master of Dental Science in Prosthodontics at Sydney University in 1987. A/Prof Brener holds the position of Clinical Associate in the Faculty of Dentistry, The University of Sydney and is involved in the planning and teaching of the Post Graduate Prosthodontic Program as a member of the Prosthodontic Post Graduate Planning Committee. In addition to numerous international and Australian lectures and courses, A/Prof Brener has been a lecturer and mentor of The University of Sydney Implant Diploma and the Australian Society of Implant Dentistry.

Brenner Implant Institute (BII) was established in 2003 to help set and elevate the standard of care in implant dentistry by teaching Dentists using a hands-on approach. BII uses progressive well documented information and hands on experience to provide participants with the skills, knowledge and confidence to make implant placement safe and predictable. BII's program focuses on teaching the most successful, evidence based and "state of the art" implant techniques.
