

## Periodontal & Implant Maintenance – New Horizons with Guided Biofilm Therapy

Basic & Advanced CPD Courses

### BASIC COURSE (Theory & hands-on) Speaker: Sue Fehervari (RDH)

#### LECTURE

Aimed at the whole dental team to discuss the most modern, comfortable and cost effective techniques available for periodontal and implant maintenance. The course will reveal answers to the challenges of providing safe and effective maintenance. Participants will discover Guided Biofilm Therapy [GBT] and learn why it integrates with the modern concept of preventive and minimally invasive dentistry.

#### Periodontal Disease

- Introduction to the new Classification of Periodontal Disease
- Effectiveness of Guided Biofilm Therapy compared to conventional methods for preventative therapy, periodontal treatment and maintenance
- The clinical application of AIRFLOW, PERIOFLOW & PIEZON technologies

#### Implant Disease

- How to best care for implants to maximise longevity and minimise risks for peri-implantitis
- Detecting and diagnosing mucositis and peri Implantitis
- Recommended implant maintenance protocol
- Non-surgical treatment of mucositis and peri Implantitis with GBT/AIRFLOW

#### INCLUDES HANDS-ON SESSION WITH PERIO MODELS

The aim of the hands-on session is to provide a practical overview of modern biofilm management and provides the opportunity for participants to practice Guided Biofilm Therapy on periodontitis models. Includes a focus on PIEZON ultrasonic techniques including ideal subgingival scaling technique with ergonomic seating/operator posture and patient positioning for pain free dentistry.

#### DATES:

Saturday, 28 March, 2020

Friday, 19 June, 2020

#### TIME:

8:30am – 12:30pm (3.5 CPD) – morning session

1:30pm – 5:30pm (3.5 CPD) – afternoon session

#### LOCATION:

Henry Schein

311 Unley Rd, Malvern SA 5061

**Sue Fehervari**

Sue Fehervari has been an active and respected member of the dental community for over 30 years. Sue has worked in general and specialist dental practice, in both the public and private sectors, with special interests in periodontics and orthodontics. Early in her career, she educated dental hygienists as a lecturer and tutor in the Dental Hygiene School at TAFE, and later tutored dentists and BOH students

at the University of Adelaide. Sue is extremely proud of the work she does and takes great joy in seeing the development of profession, her students and her patients.

### ADVANCED COURSE (clinician-on-clinician masterclass)

Speaker: Dr Meredith Owen (Bsc. BDent. DCLinDent (Perio). MRACDS)

This workshop is the ideal platform for dental professionals wanting to perfect themselves. Participants will have an opportunity to follow the complete Guided Biofilm Therapy protocol step-by-step first on simulation models then clinically on one another in the clinic chair. Dental Professionals will learn to maximize efficiency and patient comfort.

Learn how to:

- Correctly utilize supra and sub gingival air polishing devices to eliminate biofilm prior to hard deposit removal
- Correctly apply ultrasonic instrumentation for optimal hard deposit removal

The ADVANCED course is limited to the first 12 participants to register and is only available to clinicians who have attended the BASIC course or a previous SDA course and are looking to advance their knowledge.

#### DATE:

Saturday 19 September 2020

TIME: 9:00 – 1:30pm (3.5 CPD)

#### LOCATION:

To be confirmed

\*Please see back page for specific conditions concerning Advanced course registration

**Dr. Meredith Owen**

Dr. Meredith Owen received an honours degree in BioMedical Science from the University of Guelph before studying dentistry at the University of Sydney. She graduated with honours and was awarded the Henry Bruce Maxwell prize for restorative dentistry and an alumni achievement honour for leadership and community engagement. She also obtained her Doctor of Clinical Dentistry in Periodontics from the University of Sydney, and upon completion was awarded membership into the Royal Australasian College of Dental Surgeons. Dr. Owen has been working in private practice since 2010 and currently resides and works in Newcastle, Australia. She is involved in teaching for the University of Sydney, and was both a clinical educator and a mentor. She is a member of the Australian and New Zealand Academy of Periodontists, the Australian Society of Periodontology, and the International Team for Implantology.
